Math Placement Exam

PLEASE READ CAREFULLY.

MATH PLACEMENT ASSESSMENT (PROCTORED)
(For Fall 2025)

For the Fall 2025 math course placement exam, we will accept an proctored version of the Math Placement Assessment. The Math Placement Assessment is administered through McGraw-Hill's Assessment and Learning in Knowledge Spaces (ALEKS) program. The Math Placement Exam is mandatory for all new students who have not earned college-level math credits through dual enrollment, Advanced Placement, or some other process. If you have already registered for MATH 005, the placement exam is still required to ensure proper placement. ALEKS is a web-based, artificially intelligent assessment and learning system that quickly and accurately assesses a student's level of mathematic proficiency.

Access to the Math Placement Assessment Proctored is as follows:

STEP 1): AccessHU

Use Bison credentials to log-into AccessHU (accesshu.howard.edu)

STEP 2): Type ALEKS in the Search Field and Click the "ALEKS" app

Agree to terms and conditions

STEP 3): Add Class Code: (PGRNH-V4QCR)

Confirm course: (MPE Testing- Howard University, Fall 2025)

STEP 4): Complete Required Survey

STEP 5): Complete Tools Tutorial

STEP 6): Complete Placement Assessment for a Score (Read Instructions)

Students are allowed three attempts. The highest score will be used for class placement. Although proctoring is not required, unusual activity within the system may require re-testing. Please ensure to abide by the Academic Code of Student Conduct.

STEP 7): Retrieve Score

Save a screenshot of your score and contact your academic advisor for next steps.
